FCC Mail Room

SUBJECT: CC Docket No. 02-6 and CC Docket No. 96-45, Request for Review

Under CC Docket No. 02-6 and CC Docket No. 96-45 this is a letter to Request for Review the "Form 486 Rejection Letter for Funding Year 2010" for the following 486 Forms under Charter School Administrative Office (CSAO), Billed Entity Number (BEN) 16039118. The original letter was not sent to USAC in time for their review and it is requested that the FCC perform the review.

The following location is an administrative office and does not need a Certified Tech Plan:

- 711716 - CSAO\_HT486
  - SPIN 143002709
    - FRN 1911085
    - FRN 1911181

These 486 forms have been rejected due to the failure to provide a copy of an approved technology plan and technology plan approval letter upon USAC's request. Attached to this letter are the required documents to correct the problem identified.

8135 Kekaha Rd..  
Kekaha, HI 96752

Aloha Haunani,

Bully Soares, of the Charter School Administrative Office,,is certified by the Universal Service Administrative Company to approve technology plans for Hawaii Public Charter Schools participation in the Schools and Libraries program.

**Ke Kula Ni'ihau O Kekaha (KKNOK) PCS** has a technology plan that meets the five required elements in the checklist below. This technology plan is valid from July 1, 2010 ending on June 30, 2013

  
Bully Soares

  
November 30, 2009

**Checklist of required elements**

Successful technology plans align the overall education or library service improvement objectives with the following five criteria. To qualify as an approved technology plan for a Schools and Libraries Program discount, the plan must meet these criteria.

- ☒ The plan establishes clear goals and a realistic strategy for using telecommunications and information technology to improve education or library services.
- ☒ The plan has a professional development strategy to ensure that staff knows how to use these new technologies to improve education or library services.
- ☒ The plan includes an assessment of the telecommunication services, hardware, software, and other services that will be needed to improve education or library services.
- ☒ The plan provides a sufficient budget to acquire and support the non-discounted elements of the plan: the hardware, software, professional development and other services that will be needed to implement the strategy.
- ☒ The plan includes an evaluation process that enables the school or library to monitor progress toward the specified goals and make mid-course corrections in response to new developments and opportunities and they arise.
